

Fire Bird

Text: Katrin Schmidt Musik: Dirk Weiß

1979

Fire bird Loving flame you're burning marks into my soul

I see them distarded in the swimming mirror of strange waters.

Tell me their secret now then I can escape the next brand.

Refrain: That's Fire bird Life

Fire bird hungry animal you're taking from my body and my mind

The closer I come to you the more you can do

It makes tired to follow you there is no chance to overtake you

Refrain: That's Fire bird Life

**Fire Bird crafty snake you're only the light not the sun following you
with pain reaching the aim**

nothing waits for me (is left for me – Dirks interpretation)

Refrain: That's Fire bird Life
