

I like the way

Text/Music: Dirk Weiß 2019

Verse:

I like the way how you kiss me,

I like the way how you gonna comb your hair

I like the way you walk along the street

I like the way you walk on the beach

I like the kind of everything you're doing

I like the way how you dress yourself

I like the way how you smile to me

I like the way you're playing/strum with your eyes

Refrain:

Whatever you do/say

You touch me, you touch me, and you touch my heart

Verse:

I hope you feel the same way

I like the way of everything you do

Now it's time to give you the diamond ring I've had in my pocket for so long

I hope you'll say yes and make me the happiest guy in the world

Refrain:
