

Lonely island

Text/Musik: Dirk Weiß

1982

You live on your lonely Island captive in the endless ocean

You live on your lonely island of fantasy and illusion

Show me anyone who don't want to live in peace (oh please)

Show me anyone who don't want to live in peace - live in peace

Refrain: Everybody live on its lonely island

He wants to hide from reality and close the door to the world outside

He don't want to hear and he don't want to see

So he closed his mind but he can find a way cause everybody have its own lonely island

Refrain: Everybody live on its lonely island

Lonely Island (endless Ocean)

Fantasy (and Illusion)

Refrain: Everybody live on its lonely island
